

LET'S  
CREATE  
A GREENER  
FUTURE  
TOGETHER

## The world's only plantable pencil

Certified  
  
Corporation

## Plant after use and make it sprout

Find a pot with  
drainage and fill  
with potting soil.

Plant your pencil  
at a 30° angle,  
covering the seed  
capsule with soil.

Water regularly and  
in 1-4 weeks, your  
plants will sprout.
