## TAPAZZ XXXL

With this XXXL Tapas plank of no less than 92 cm long you will steal the show! Fill your table in one go and treat your guests to the tastiest tapas. This plate is made of high quality bamboo and has 4 pockets for snacks. In addition to the compartments, there is still plenty of space for cutting up bread or pizza. Just apply some edible oil (like olive or sunflower oil) to give the bamboo a darker finish and prevent it from drying out.
